### Please Help If You Can

March 8th, 11-yr old Wyatt had a stroke at home while he was sleeping. He was airlifted to Grand Rapids DeVos Children's Hospital and is now at Mary Free Bed Rehab for 4-6 weeks. Obviously this has thrown their lives in turmoil, we thought we'd try to to help keep the bills paid while things are so tough. That's what neighbors are for.

The Miller Family has been there for a lot of friends and strangers in need. Right now this family needs our help. Please do what you can, Thank You So Much!
